Dear Ed:

My constituent, Mrs. Flum of Rochester, wrote to me recently regarding the sale of nuclear reactors to South Korea. I am not familiar with this matter and would therefore appreciate any information you can provide. Specifically, I would be interested in safeguards which guarantee that reactor technology cannot be used by recipient countries, such as South Korea, to produce nuclear weapons.

Thank you for your attention to this matter. I look forward to hearing from you at your earliest convenience.

With kindest personal regards,

Sincerely,

Frank
